

JENNINGS-DILL, INC.

September 2022

Picnics, Past...

Jennings-Dill, Inc. is a family business. However, first and foremost, it is a business of families- and nothing says *family* like a Jennings-Dill Picnic.

Recognize anyone? 1997 Paris Mountain State Park. Bruce Henson hands employee raffle prize. Tyler Henson with balloon hat in background.

The Picnic, one of the long-standing traditions of our company, brings our loved ones together for fellowship, fun, and, of course, food. Paris Mountain State Park, Conestee Park, and most recently, The Flying Rabbit are some of the past locations, while previous activities have included volleyball tournaments, magicians, and raffle prizes.

1992, Paris Mountain State Park. Jack & Carol Dill enjoy picnic time with employees.

1992, Paris Mountain State Park. Company volleyball tournament.

Though the locations and activities have varied over time, one thing remains constant year after year, the emphasis on our company of families.

"The Jennings-Dill family picnics are special because they are always a good time to spend with family and friends."

Jack Rodgers, Project Manager

1997, Paris Mountain State Park. Jack Rodgers with his grandsons.

...and Picnics Present!

2021, Flying Rabbit, Christina Locklear's children, Kilynn and Kamdun with friend Jaiden.

Project Spotlight!

Bold and visionary- two words used to describe the new corporate headquarters of Southern First Bank, located at 6 Verdae Boulevard in Greenville, SC. The Sheet Metal and Piping Departments of Jennings-Dill masterfully installed the HVAC system and duct work in this 107,000 square-foot retail banking space which was challenging because of the multi-story nature of this structure.

Chris Bayne, Project Manager, praised the buy-in from everyone on this team. From Mark Penninger, lead foreman, who consistently confronted and overcame the obstacles of the size and scale of the duct work as well as the air distribution, to Logan Gillespie, who did a great job with quality and getting the work done on time, Jennings-Dill leaned into the many required tasks with excellence and collaboration. Others such as Greg Gilliam, Mark Sahms, Carl Watkins, Stephen Bobby, and Brent Adams, to name a few, met the challenges with an “all-in” attitude, taking pride in their work.

This project, started in August of 2020 and completed in May of 2022, is now a fully functioning bank. So, the next time you drive Verdae Boulevard, notice this stunning building, and know that you are part of a company that makes a true difference in its community.

Upcoming Projects:

- Lockhead Martin
- Roper Mountain CTE
- Prisma OMH ED
- Wal-Mart Distribution Center
- Hillcrest High School
- United Carolina Bank

Take the [Survey Monkey Quiz](#) linked [HERE](#) by Thurs., Sept. 22. Answer all questions correctly, and your name will be entered in a prize drawing for a Gift Card.
